

16 November 2018

Dear

Thank you for contacting Aspects. We are a family and school support service working with students aged 5-19. Our aim is to '*remove barriers to learning*'- we will support you and your child to identify and address anything which is preventing your child from getting the best from their learning at school.

Much of the work we do takes place in school and we will help your child to build resilience and self-esteem and to identify a network of support. We can also advise parents about behaviour and boundaries at home. We run a number of useful parent workshops throughout the year. Sometimes we will suggest other agencies that may also be able to support you and your family.

Please see our website for more details about our service www.aspects.org.uk

Please complete the attached form and return it to us. One of our Family Support Workers will then contact you to discuss how we can help you.

Yours sincerely,

Jo Deeks
Aspects Administrator
